

YASHWANTH-J

About

Strong expertise in injury prevention, rehabilitation, and performance enhancement. Excellent communication skills, attention to detail, and commitment to providing quality care.

Education

Sri Ranga Vidya Nikethan

Completed my class 10
2023

Sri Ranga PU College

Completed my class 11 and 12
2025

RV College of Engineering

Currently first year

Skills

- **Programming Languages:** Java, Python
- **Soft Skills:** Mentoring/Tutoring, Technical Communication

Academic Achievement

99.04% In SSLC Boards

95.17% in PUC Boards

749 KCET rank

Projects

RFID ATTENDANCE SCANNER

Engineered an IoT-driven system to automate the student attendance process using RFID (Radio Frequency Identification) technology. Integrated hardware (RFID tags/readers) with a backend database to log entries and exits in real-time.

RVCE GPA Calculator

Developed a specialized Java-based application tailored to the unique autonomous grading rubric of RV College of Engineering. Implemented logic to handle credit-based weightage for various departments, providing students with an accurate SGPA/CGPA forecast.

CAR COMPASS

(first sem EL of RVCE)

Developed as a primary project during the first semester at RVCE to solve urban navigation challenges. Technical Details: Engineered a smart navigation solution using directional sensors and a simplified GUI to assist users in locating vehicles in large-scale parking environments.
